```
SPEC ID       : RLY-DOS-000000000122                                PROOF-OF-CRAFT: 250 XP // pro
ATTRIBUTED TO : Mainframe                                  RADAR HUB     : London, United Kingdom
CATEGORY      : 3D Motion                                             INDEXED       : 2026-11-05
NODE ENDPOINT : https://roily-app.vercel.app/?node=c0000000-0000-0000-0000-000000000122
```

PARAMETRIC MOTION IDENT // PROCEDURAL 3D DEFORMATION & KINETIC SCULPTURE

[FLAGSHIP MAGNUM OPUS SPECIFICATION]

Technical Craft Breakdown: procedural 3D deformation topology with dynamic soft-body collision solvers and physical optical dispersion lighting

[PROOF-OF-CRAFT SYSTEM VERIFICATION]

Independent analysis of signal routing, structural composition, and production engineering. Verified across the Roily Radar Network for direct studio procurement.

ROILY SEED SHIELD // DIRECT COMMS LOCKED

Direct contact channels remain shielded behind the Mutual Handshake Barrier (Zero Spam).

1-Click Instant Delist is permanently available on the live node (GDPR Art. 21 / No account required).
