```
SPEC ID       : RLY-DOS-000000000221                          PROOF-OF-CRAFT: 300 XP // pro
ATTRIBUTED TO : Befaco                                     RADAR HUB     : Barcelona, Spain
CATEGORY      : Audio Synthesis                                 INDEXED       : 2026-11-08
NODE ENDPOINT : https://roily-app.vercel.app/?node=c0000000-0000-0000-0000-000000000221
```

RAMPAGE // DUAL ANALOG VOLTAGE-CONTROLLED SLOPE PROCESSOR

[FLAGSHIP MAGNUM OPUS SPECIFICATION]

Analog slope integrator circuits, comparator threshold triggers, and bi-directional slew rate modulation.

[PROOF-OF-CRAFT SYSTEM VERIFICATION]

Independent analysis of signal routing, structural composition, and production engineering. Verified across the Roily Radar Network for direct studio procurement.

ROILY SEED SHIELD // DIRECT COMMS LOCKED

Direct contact channels remain shielded behind the Mutual Handshake Barrier (Zero Spam).

1-Click Instant Delist is permanently available on the live node (GDPR Art. 21 / No account required).
