PRO-Q 3 // LINEAR-PHASE DYNAMIC EQUALIZATION & BRICKWALL DSP

[FLAGSHIP MAGNUM OPUS SPECIFICATION]

Ultra-clean variable stereo placement per band, zero latency analog matching mode, and multi-track external spectrum visualization.

[PROOF-OF-CRAFT SYSTEM VERIFICATION]

Independent analysis of signal routing, structural composition, and production engineering. Verified across the Roily Radar Network for direct studio procurement.

ROILY SEED SHIELD // DIRECT COMMS LOCKED

Direct contact channels remain shielded behind the Mutual Handshake Barrier (Zero Spam).

1-Click Instant Delist is permanently available on the live node (GDPR Art. 21 / No account required).
