```
SPEC ID       : RLY-DOS-000000000281                                PROOF-OF-CRAFT: 420 XP // pro
ATTRIBUTED TO : Lusion                                    RADAR HUB     : London, United Kingdom
CATEGORY      : UI/UX                                                 INDEXED       : 2026-11-09
NODE ENDPOINT : https://roily-app.vercel.app/?node=c0000000-0000-0000-0000-000000000281
```

SUPERCLUSTER // REAL-TIME WEBGPU PARTICLE PHYSICS & INTERACTIVE SPATIAL WEBGL ENGINE

[FLAGSHIP MAGNUM OPUS SPECIFICATION]

Cutting-edge browser experience rendering over one million dynamic particles with real-time compute shaders, spring dynamics, and depth-of-field post-processing.

[PROOF-OF-CRAFT SYSTEM VERIFICATION]

Independent analysis of signal routing, structural composition, and production engineering. Verified across the Roily Radar Network for direct studio procurement.

ROILY SEED SHIELD // DIRECT COMMS LOCKED

Direct contact channels remain shielded behind the Mutual Handshake Barrier (Zero Spam).

1-Click Instant Delist is permanently available on the live node (GDPR Art. 21 / No account required).
